INDEX TO VOLUME LIII

A

Acids
morning glory petals used to detect 535
queer quirks of 593
Adventures—of treasure hunters 546
Advertising
air "billboard" can be seen only from planes .. 48
daylight sign for trucks 355
flexible mirror sign 232
lighted sphere on building 71
portable show-card writer 119
Agricultural Implements
effective weed hook 695
guard block keeps plow free from rubbish 347
motometer installed on tractor 862
rotary grader levels land 623
sugarcane planter travels fifteen miles an hour 785
Agriculture
conquering red terror of the wheat fields 394
does electricity help crops 779
extra light speeds growth of sugar-beet seeds . 253
money from farm waste 755
science seeks super-corn 385
seeding land with airplane economical method . 812
talc helps kill grain pest 617
Air
artificial, supports life better than normal air . 89
silk from the 809
Air, Liquid—used in shrinking steel pin on locomotive drivewheel 1049
Air-Mail
pilot's equipment costs thousand dollars 285
plane in flight picks mail from truck 640
planes change mail in air 112
shrinks size of U. S. by more than one-half . 423
Airplanes
adjustable wings to control speed 80
air "billboard" can be seen only from planes . 48
all the luxuries of travel aboard latest liners .. 40
automatic plane stabilizer 217
baby commercial model 666
backyard plane flies on own power 334
change mail in air 112
"coffee grinder" radio dial makes tuning easy on 998
convertible top is transparent 717
cost of operating 17
economical speed hundred miles 758
electric robot guides without aid 365
fins and flippers to prevent air accidents 90
flown backward and upside down 785
"flying wing" successful in first tests 781
fog dial on captive balloon to aid landings ... 288
fuselage hung under wings 57
glider equipped with motor 295
glider is towed across nation by 883
glider takes off from water behind motorboat . 912
gliders fitted with motors 263
gyroscope pilots plane 278
heater for motor 198
height of plane in air shown by noise 57
helicopter plane passes successful tests 233
huge plane carries passengers in wings 191
hundred-thousand-dollar plane—why it won .. 357
ice detector for, flashes red signal 821
jet of steam aids take-off from ship 241
limit to the size of is set by weight 552
Lindbergh's latest plane is built for speed 257
load and discharge freight from moving planes 793
military, being built in France 207
model, compressed-air motors drive 408
movies on passenger planes 112
novel planes give promise of greater safety .. 15
outboard motor for glider is forecast 30
plane launched from top of auto 209
plane locates gas-line leak 785
pontoons turn small plane into a seaplane 280
portable service platform for 585
quiet motor saves gasoline 775
Airplanes—Continued
"refrigerator" 624
roll map for pilot attaches to wheel 799
scale model plane is easy to build ... 146, 328, 500
seeding land with, is economical method 812
shock recorder measures landing strain 790
sprinkler system in hangar 181
stand for engine test fits any motor 905
thermometer gives warning to pilot 417
tilted on end to save hangar space 377
turntable aids in adjusting compass 961
what plane markings mean 67
"windmill" plane and why it flies safely 44
Airships
anchors for are one-ton rollers 465
observation car is hung below 608
Air Wells—in desert give water 7
Amusement Devices—"swooper" gives thrills of airplane ride 400
Anatomy—transparent man like ghost 181
Angle Plate—for planer or shaper 694
Animals
alligators have odd diet and are friends to fish 924
filmed in their native haunts 632
mummifying sacred, was costly process 55
shooting wild animals with a camera 58
steaks from the arctic 353
Antarctica—who owns the South Pole? 588
Aquarium
boat turned into 593
built-in makes living picture 485
novel arrangement for 1017
water gardens for the home 323
Archæology
air survey reveals ancient ruins 981
ancient revealed by pumping out water 714
Caligula's galley is finally exposed 42
frozen ruins of ancient city found in Arctic waste 63
how prehistoric man used the "killer stone" . 456
Maya ruins in jungle discovered by Lindbergh 64
Pharaoh's heart proves Bible truth 184
tree rings will reveal age of prehistoric ruins 113
wall built of pagan statues 95
Architecture
churches show modern trend in 427
clubhouse like an elevator 369
Armature Repair—growler saves time in 1039
Armatures—growler for testing 170
Armor—light, for soldiers resists bullets 460
Army, Chinese—armored car like oil tanker used by 364
Army, U. S.
bugle call "Retreat" used by the Crusaders .. 65
clockwork bomb sight marvel of ingenuity .. 62
the "West Point" of the air 561, 737, 929
Ash Cans—replaced by pneumatic tubes 66
Asthma—mask proves successful in treating 953
Astronomy
earth's speed two hundred miles a second 356
how to look at spots on sun 201
moon's color is brown 725
planet found by microscope on photographic plate 968
prove sun contains carbon 430
riddle of the stars sought in depth of earth ... 584
tornadoes on the sun 554
young star-gazers lead hunt for new worlds .. 894
Athletic Field—hot air dries 427
Athletics
a hunt for future champions 603
even speed best in long race 390
Atmosphere
dust—what it does 281
million bits of dust inhaled with every breath 414
Auction—register shows highest bid at sales 66
Automobiles
abandoned fill in bay to make an airport 441
arranging bed in two-door sedan 674

General
Walw

Automobiles—Continued
average owner paid $16.53 in gasoline tax in 1928 ... 31
fog in front of, lifted by exhaust air ... 460
gases pas through muffler without baffle plates 956
improving seating arrangement in two-door sedan ... 499
jumps over hurdles in race with horse ... 946
opening locked cars without key ... 351
plane launched from top of speeding ... 209
prophesied in woodcut four hundred years ago 983
spark plug terminal clips keep wires intact. 710
starting motor in cold weather ... 346
supercharger, water-cooled, for front-wheel drive ... 455
the front drive and why ... 10
winter hints from a racing driver ... 164

Automobiles, Accessories—
anti-rattler for brake rods on Fords ... 33
ash tray fitting vest pocket handy for motorist 807
auto license-plate holder adjustable in size ... 801
automatic choke control ... 63
automatic electric primer starts auto in winter 539
carrier rack at front of car ... 365
carrying nets in top of auto ... 640
chemical muffler removes carbon monoxide .. 364
cigaret dispenser contains ash tray ... 895
clock in rear-view mirror ... 417
combination bench and tool box ... 703
combined screens and curtains for windows .. 665
crankcase ventilator eliminates odors ... 775
cushion for floor protects high heels ... 385
electric shift adds three more gears ... 65
electric windshield heater ... 183
fan forces manifold heat inside the car ... 119
fastener for towrope requires no knotting ... 898
fender body repair tool ... 108
fender wing on door keeps clothes clean ... 390
forced-draft water heater ... 231
four-way wrench fits all rim nuts ... 182
frost shield for car window ... 430
gas tank lock without key cemented in place. 975
gauges for battery, oil and gas, are self-correcting ... 920
gear-shift cigaret holder ... 48
glareless floodlight helps on turns ... 425
handy map holder ... 497
headlight shutter prevents dazzle ... 714
heater draws pure air through warming chamber ... 540
hidden lock for tire mirror ... 637
illuminated road-map holder ... 322
light for the rumble seat ... 313
loud speaker for radio gives volume ... 982
luggage carrier on bumpers leaves spare tire free ... 968
luggage rack on spare tire folds when not in use ... 767
manifold heater aids starting in winter ... 144
motor-tester reveals defects ... 113
pedal gearshift replaces hand lever ... 979
portable compressor operated by engine ... 465
radiator heat warms auto without extra fan. 62
radio is shielded from car noises ... 989
rubber carpet with hair nap ... 431
rubber shackles eliminate rattling ... 813
sections of inner tube protects auto bumper .. 862
service-reminder pad ... 72
shock absorbers for auto seats ... 513
spark-plug alloy maintains constant voltage. 544
tail light for "bumperette' ... 577
thermostat is easy to fit on any auto ... 433
three handy kinks for motorist ... 1035
tool rack in auto trunk ... 856
tourist's stove heated by exhaust gas ... 857
umbrella and case fit back of seat ... 727
umbrella fits in auto door ... 356
vacuum gear shift ... 192
vanity mirror mounted in automobile ... 1036
watch holder for the auto ... 680
windshield screen prevents entrance of insects 835
windshield wiper has ten edges ... 189

Automobile, Accidents
danger on country roads greater than in city .. 108
eye, tardiness of, blamed for ... 457

Automobile, Cleaning—electric connections ... 841

Automobiles, Driving—
arrow safety light indicates turns ... 918
cost of running shown on dash register ... 710

Automobiles, Driving—Continued
crankcase cover makes starting easy ... 892
hobble limits speed of auto being delivered ... 802
making speed on muddy roads ... 669
testing skill by revolving map ... 454

Automobiles, Engine—
Diesel engine furnishes cheap power ... 537
don't neglect your generator ... 662
sixteen cylinder latest wonder ... 368

Automobiles, Fuel—
bootleg liquor runs motor ... 534
wood used to run army truck ... 7

Automobile, Hoist
collapsible runway ... 999
homemade ... 1011

Automobiles, Lighting—portable tester adjusts lamps ... 449

Automobiles, Lubrication—
for closed-car window frames ... 869
lubricating the windshield wiper ... 1024
springs lubricated with blowtorch ... 691

Automobiles, Racing
auto body used as radiator in racing car ... 198
eyeshield for auto racers ... 31
four thousand horsepower seeks record ... 768

Automobiles, Repairing
alcohol removes carbon in motors ... 860
breather-pipe oil fumes can be used to advantage ... 838
cylinder-lapping tool attached to powerdrill .. 669
cylinder troubles located with motor tester ... 9
emergency repair on broken distributor spring 156
expanding aluminum piston to insert wristpin 345
feeding moist air to a carburetor ... 1054
generator wrench for model-T Fords ... 700
grease pit illuminated by indirect lighting ... 720
growler saves time in armature repair ... 1039
guide for grinding model-A Ford valves ... 693
hand-driven valve grinder ... 533
handy clamp for welding fenders ... 869
holder for repair of auto bearings ... 873
keep the armor dead ... 145
kink for model-A Ford ... 525
method of scraping carbon ... 524
motor carbon is eliminated by solvent fluid .. 985
pedal depressor for adjusting brakes ... 351
powdered soapstone on gaskets prolongs their life ... 699
quick cleaner for piston ring grooves ... 862
radiator steam softens transmission oil ... 333
remedy for grease leakage at gear shift lever. 859
remedy for rattling windows ... 858
removing humps from fenders ... 525
renewing blown cylinder-head gaskets ... 509
replacing spring on overhead valve ... 521
rubber bands prevent car from shimmying ... 143
save-your-sleeve gauntlets ... 25
spark-plug cleaner removes carbon quickly .. 769
spark plug gap adjusting ... 496
temporary repair for broken battery cable ... 873
testing auto valves for leaks ... 695
timer and ignition test on Fords ... 156
washers save time in fitting bearings ... 521
waterproofing old-model Ford cars ... 672
what to do when Fords boil ... 526

Automobiles, Tires
air-pressure dot on rim shows inflation ... 450
knife for tire shops made from hacksaw ... 339
locking valve keeps pressure constant ... 416
painted to match auto ... 389
puncture-proof inner tubes add to life of ... 987
reading glass facilitates removal of inner-tube patches ... 137
repair gum seals cuts in treads quickly ... 809
smaller tire is safer but wears out sooner ... 636
solid tires have blowouts ... 624
what your tires tell you ... 226
why lose pressure ... 848
why racing tires lose air ... 119

Automobiles, Trailer—expands into sleeping car .. 587

Automobiles, Truck
chain tread makes tractor out of ... 97
concrete carrier mixes as it travels on ... 955
has three wheels ... 754
keeps its contents cool as it travels ... 644
load-binding winch for ... 347
semi-streamlining bodies ... 702
store on wheels expands when parked ... 461

Automobiles, Wheels—axles bent into shape by strength of hand ... 471
Aviation
aerial photographs at three miles a minute .. 891
aerial survey of the Hudson Straits ... 418
aircraft antenna shielded by fire partition ... 753
air pilot's equipment costs thousand dollars .. 285
airplane silhouette on cloth flown by real ship 711
air riddles and the answers ... 273
air survey reveals ancient ruins ... 981
anchors for giant airship are one-ton rollers. 465
are flyers born or made ... 26
best landing-field surface ... 363
blowing bubbles helps build stronger planes .. 925
British floating airdrome resembles houseboat 710
college glider club teaches low-cost flying ... 409
continuous-arch hangar has no beams or girders ... 758
course and distance finder ... 433
danger of altitude flights proved with rabbits. 32
deer hunted from airplanes ... 449
dot and dash path guides planes in landing .. 766
electrically heated masks for pilots ... 624
engine, development of L-head announced ... 721
fifty years saved in one ... 98
floating airports to have sea legs ... 8
flying and motor boating combined ... 895
flying boats cut the time to South America. 414
flying fashions combine utility with beauty .. 426
flying in Eskimo land ... 418
flying over jungle land ... 177
fog dial on captive balloon to aid plane landings ... 288
gliding school for women ... 424
growth of, shown by yearly figures ... 905
half of air deaths due to pilots' errors ... 208
how safe is flying? ... 1
huge air sign aids high flyers ... 283
improved airport map ... 205
jumping into fame ... 234
landing field on long roof ... 264
limit to the size of planes ... 552
Lindbergh learns to glide ... 529
low-wing bullet monoplane successful in tests 999
magnetic "eyes" find cause of mystery air crashes ... 918
mooring mast on store roof for dirigibles ... 532
new motor to end fire hazard ... 718
oil spreader for seaplanes smooths rough water ... 919
parachute opens instantly as it clears plane .. 713
pilot's flare turns on all lights at airport ... 431
pilot's helmet has headset for radio reports .. 994
plane lookout built on Granite Peak ... 272
rains falls inside airdrome ... 542
robot that never sleeps guides landings ... 635
smallest radio headphones for use of pilots ... 78
spotting smugglers from the air ... 715
student flyers fly blind ... 623
stunt flying ... 962
telescoping canopy for airplane terminal ... 1044
the last frontier ... 242
the lightning hazard in flying ... 359
the "West Point" of the air ... 561, 737, 929
three thousand airports ... 73
traffic congestion in air ... 9
transmit pictures to plane in flight ... 16
trolley pole flash is basis of fog signal tests .. 775
wireless aids student in solo flight ... 647
with the latest record makers of the air age .. 893
Awnings
"insert", aid trucking ... 163
inside control for ... 16

B

Baby Carriage
rear-view mirror for ... 630
resembling auto ... 254
Bacilli, Artificial—aid story on origin of life ... 961
Baffle Posts—old water tanks make good ... 315
Balloons—big animals helium-filled for street parade ... 544
Ballroom—river steamer is orchestra platform ... 784
Balsa Wood—tool for cutting strips ... 675
Bamboo—shoots canned by Chinese ... 425
Banknotes—coated with tin will not tear or burn. 724
Banks
on wheels for suburbanites ... 43
the world's greatest treasure cave ... 34
Barber Shop—mounted on wheels ... 71
Barge—welded in one piece contains no rivets ... 399
Barn
lean-to roof on ... 1041
old, makes a cozy clubroom ... 684
Barometer—shaped like teapot ... 945
Basement—carpet mats on stairs ... 313
Bathing Beach
metal nets protect bathers from sharks ... 637
self-retrieving cable slide for bathers ... 848
Bathtub—silencer for the ... 45
Batteries
if dry cells run down quickly ... 851
repairing leaky storage ... 337
saves battery oxides ... 161
Beard—growth of a man's ... 989
Beauty Culture—taught with talking movie ... 81
Bees
if we had the sense of insects ... 626
live in skyscraper hive ... 7
Bells—tin in, softens tone ... 623
Belts
emblem, attractive for small boys ... 681
kink in lacing ... 173
old tire prevents slipping ... 865
wire solder for repairing ... 487
Bench—made into table by folding back rests ... 383
Bible—manna is found to be desert shrub ... 600
Billboard—air, can be seen only from airplanes ... 48
Bird House—airplane ... 860
Birds
ant eggs as game-bird feed ... 545
hummingbirds build a nest on scaffold ... 761
make trouble for broadcasters ... 532
the passing of the carrier pigeon ... 194
thrills in hunting bird's eggs ... 290
Bird Trough—for the garden ... 1021
Bit—scale filed on, an aid to see depth of hole ... 869
Bladder—finding leak in basket-ball ... 497
Blanket—electric sleeping ... 542
Blindness
blind don't hear better but listen harder ... 90
flower gardens in scent groups for the blind .. 947
left hand found the best "eye" for blind ... 8
Blueprints and Photostats—how to improve ... 879
Boat Dock—old carpet useful on ... 327
Boats and Boating
aero speed boat with wings ... 634
a five million dollar yacht race ... 970
"alligator" ships climb hills and haul lumber. 609
auto tire prevents marring hull of boat ... 1027
boat jumps over logs, helps lumbermen ... 769
boat propelled by pedals ... 369
chromium-plated oarlock saves boring holes .. 913
craft with wings driven by outboard motor .. 607
floating church travels waterways ... 440
locking oars in a rowboat ... 859
motorboating and flying combined in water-plane ... 895
motorboat has stern drive and reverse gear ... 777
motorboat lands on beach by lifting propeller. 952
river steamer in ballroom is orchestra platform 784
safety shut-off for the outboard motor ... 1034
sailboat made of concrete ... 265
sailing skiff easy to build ... 1012
self-bailer for boats ... 1011
slip-boat for motorboat contains bungalow ... 753
suction eliminator increases speed ... 432
tiny cruiser runs on compressed air ... 1018
water glider with wings tests rider's skill ... 719
world's most extraordinary yacht race ... 928
Boiler—steel plug for leaky ... 88
Boiler Lid—lifter and holder ... 871
Bone—eraser for cleaning ... 327
Boots and Shoes
best tanning process tested by postmens' shoes 919
heel pad holds boot in place like laced shoe .. 997
springs on bottom of, for easy walking ... 947
transparent slippers show correct size ... 957
Boring Mill—Germany has world's largest ... 923
Bottles
sink stopper for wide-mouth ... 314
stopper empties contents of jug ... 112
Bowling—with a billiard cue ... 599
Boxes
attractive hampers easily made ... 833

Boxes—Continued
folding cardboard box has many advantages over focusing cloth ... 841
paper, opener saves time in unpacking ... 181
Boxing—padded mask protects face ... 265
Brain
grows 'till sixty ... 189
tester, reveals time required to think ... 762
thinking involves muscles rather than brain alone ... 984
"wheels" of, are heard as thoughts formulate 592
Brake Bands—easy method of lining ... 514
Bread—slicer cuts one thousand loaves an hour .. 400
Bridges
Ambassador links Canada and United States. 206
built up like tower in Australia ... 17
"nutcracker" tests metal for columns ... 602
span rides on barges to position ... 366
Brushes
cleaning lacquer ... 1024
for cleaning bolt holes in bearing caps ... 684
Bubbles, blowing—helps build stronger planes ... 925
Buffer, Canvas—puts edge on tools ... 879
Building Construction—winter stoppage avoided by shelter ... 425
Building Material
bricks to serve as steel ... 713
fireproof walls of straw ... 407
Buildings
all drudgery is abolished in model apartment. 66
automatic air vents protect from tornado ... 357
clubhouse like an elevator ... 369
deepest, is planned in Japan ... 189
home of concrete and glass ... 636
landing field on long roof ... 264
like war-time tank houses Russian factory ... 778
traffic jars do little harm to ... 640
Bullet—shape fixes power of ... 72
Burlap Sacking—protects seeded terrace from washout ... 873
Busses—run inside big hotel at New York terminal ... 976
Butterfly—gold from ... 410
Button—substitute for collar ... 173

C

Cables
earthquake breaks ... 231
pressure on electric cable serves as switch ... 607
sun affects bridge ... 791
Cake Tins
with hinged sides ... 89
emergency angel ... 1011
improvised ... 497
Calendar—holds milk tickets ... 598
Camera
aids in power tests ... 162
automatic reveals how you sleep ... 884
flash gun operates shutter release ... 601
lions are filmed in their native haunts ... 632
movie, cord holds steady ... 686
photomicrograph, used in detecting crime ... 610
pictures of lightning taken with ... 78
snaps electric spark ... 264
spring clips hold lens-board screws ... 877
substitute for wide-angle lens ... 314
support for tripod on snow ... 333
support on auto fender ... 683
torpedo leaving tube snapped by ... 896
underground shows course of oil wells ... 8
using narrow film in ... 497
view, carrying case for ... 488
Camping
collapsible ridgepole for tent ... 860
flashlight strapped to leg lights way ... 1033
folding table for holding cooking utensils ... 849
hookless fastener for tent ... 862
storing blankets on top of car ... 158
Candles—keeping straight in holders ... 861
Cane—fountain-pen holder in ... 753
Cannon—why double-barreled failed to work ... 644
Canoe—backrest provides comfort ... 1038
Cans—substitute for ... 362
Card Games—bridge score on table edge is out of the way ... 729
Caricatures, Chalk—on walls of Paris night club .. 912
Carpets
a carpet-beating short cut ... 521
rubber, with hair nap ... 431
Cash Register—drop bottom baffles holdups ... 874
Castings—steel shot spray on casting cleans it for painting ... 957
Cathedral—huge in New York to revive old art .. 969
Ceiling—how to get a beamed-ceiling effect ... 662
Celery—how to keep fresh ... 1038
Celluloid Articles—nail-polishing kit for mending. 1036
Cement—method of coloring ... 144
Cesspool—ejector for draining ... 700
Ceylon—in the land of the devil dancers ... 378
Chair—light on back shows vacant seat in theater 984
Check Writer—hand operated ... 106
Cheese—packed in vacuum box ... 376
Chemicals
a drug store from the sea ... 641
fallen leaves contain ... 39
in oil-field brine ... 14
to cool rooms also puts out fire ... 952
Chemistry
human hair makes chemical ... 645
robot's electric eye controls chemical process. 454
Children
safety thumb guard for baby ... 637
separate exit for, in screen door ... 851
Chimneys
increasing the draft ... 861
inside form for concrete ... 1054
to make a low chimney draw ... 682
Chinchilla—is a squirrel-like rat of the Andes ... 777
Chisels
honing carving tools ... 158
made from power hacksaw blades ... 1056
Church
architecture change shows modern trend ... 427
floating, in Germany travels waterways ... 440
of glass and steel is all windows ... 736
Cistern—makes good oil tank ... 1027
Clamp
for holding sheet metal against a wall ... 868
for light bulb fastens anywhere ... 757
handy, for welding fenders ... 869
Cleaner—stone and cement ... 849
Cleaning
removing grease spots from shoes ... 1017
rubber goods ... 1021
safe cleaner for delicate fabrics ... 684
soap holder for cleaning small parts ... 841
Climate—is our, changing ... 817
Clocks
alarm turns on light ... 765
combined with aerial for radio set ... 559
giant dial of Westminster ... 193
grandfather, you build ... 676, 852
operated by sunshine ... 233
Closet Door—hinged screen on provides dressing room ... 681
Cloth—fireproofing ... 327
Clothes Hanger—suction grip, attaches anywhere. 783
Clothesline—shrinking new cotton ... 321
Clothespin—holder slides on line ... 314
Coal
chute and pit for unloading from drop-bottom cars ... 512
microbes helped make ... 107
pulverized, burned in motor cylinders ... 822
uninflammable gas is used to blast ... 32
Coal Mines—three lives is average price of million tons of coal ... 415
Coast Guard—spotting smugglers from the air ... 715
Coffeepot—substitute for glass top ... 507
Collars—simple method of dividing ... 506
Color
exact shades recorded by analyzing apparatus 539
magic changing of, transforms ballroom ... 776
organ paints ballroom with magic light ... 401
Comb—cleaner and sterilizer ... 42
Compass—course and distance finder ... 433
Concrete—carrier, mixes as it travels on automobile truck ... 955
Concrete Mixer—pivoted chute for ... 1048
Copper—one lump of, weighed 400 tons ... 48
Cork—handy extractor ... 157
Cornstalks—gears made from, give long wear ... 383
Cotter Keys—removing small ... 702

Cotter Pin
holder ... 338
sharpened, is useful tool ... 314
Cotton
boll worms given corn diet to save crops ... 31
picker cleans fluff and saves time ... 199
sugar extracted from ... 881
Cow—with wooden leg ... 17
Crack Filler—flexible and durable ... 680
Cradles—for infant oysters aid culture ... 726
Crane—swinging crane in small garage ... 1045
Cream—made of cane syrup used for cake icing ... 945
Crime
can you solve this mystery? ... 948
chemical restores auto numbers ... 539
glass bullets full of gas used by slayer ... 289
invisible-ray burglar alarm keeps watch over safe ... 720
photo projector aids in catching fugitives ... 778
talkies of crime suspects aid identifications ... 9
thieves use own broadcast to jam police signals 541
tricks of gangsters shown by dummy gunmen 767
tricks of the smugglers ... 114
you can't get away with it ... 610
Cruiser—first "Treaty Cruiser" placed in service ... 758
Cutter, Weed—long handled, operated with one hand ... 816

D

Dams—queer domes form bulwark for Coolidge Dam ... 897
Dancing—shadow dance on ballroom walls ... 540
Dancing Monkey—sand motor runs this ... 839
Deafness
body joined in radio circuit so deaf can hear ... 95
deaf hear "talkies" through sets on seats ... 201
earphones for tabernacle ... 199
Decorating—how to stipple your own walls ... 316
Deer—fawns travel by plane to restock herd ... 81
Dentistry—sterilizer for handpiece helps curb disease ... 280
Deodorizer—electric, kills smell of cooking ... 207
Depth Finder—sounding by echo in Hudson Bay. 449
Derelicts—sea rovers battle ... 258
Desert—air wells give water ... 7
Desk
collapsible for child ... 251
handy, attached to shop rail ... 1041
novel ornament for ... 1025
Desk Pad—of composition rubber ... 441
Diamond—diggers, in footrace to mark claims ... 728
Disease
electricity produces fever to fight ... 232
sugar produced by germs offers cure for tuberculosis ... 365
Divers—test suits in tanks under air pressure ... 417
Dividers—pair of scissors used as ... 169
Diving—helmetless deep-sea diver ... 365
Diving—tricks of fancy ... 730
Dogs
carried in covered rumble seat ... 215
fox terrier wears artificial leg ... 886
London garage has beauty shop added for pet 976
side rails in kennel save puppies ... 154
Doorbell
eliminating annoyance ... 499
penny-in-the-slot, installed in Holland ... 989
Door Hinge—lubricating squeaky ... 674
Door Latch—detachable plate holds open ... 873
Drafting—improving marking of draftsman's rule. 174
Drain Cock—preventing from freezing ... 321
Drain Tile—laying made easy ... 393
Drawing Instrument
dozen tools in one serve many needs in drafting ... 997
makes sketching easy ... 961
Drill Holder—revolving top ... 882
Drilling
a brick wall without chipping brick at surface. 1041
durable drill for difficult job ... 338
elongated holes ... 525
hard iron castings ... 346
holes in wood with nails ... 696
improvised force-feed drill press ... 703
magnetic chip remover ... 702
offset drill attachment reaches odd places ... 625
"silent" road drills ... 644
Drill Press
surface grinding on ... 867
turning on a ... 346
Drills—taper-shank, used in chuck ... 866
Ducks—fly as fast as planes ... 256
Duplicator—hand-operated makes stencil copies . 784
Durium—solidified liquid is hard and flexible as paper ... 448
Dust
million bits of, inhaled with every breath ... 414
what it does ... 281
Dyes—for detection of germs to be standardized ... 800
Dynamite—gas-well fire is blown out with ... 88

E

Earth
interior explored with electricity ... 778
speed of about two hundred miles a second ... 356
speed trap for, races light beams ... 450
Earthquake
breaks cables ... 231
when the ocean floor quakes ... 618
Educational Methods—blocks help teach foreign languages ... 240
Eggs—preserving ... 334
Electrical Appliances
combination mixer and juice extractor ... 989
floor scrubber, waxer and polisher ... 800
marshmallow toaster prevents scorching ... 815
Electric Cover—cooks food on plate at table ... 905
Electric Fan—speeds up heating ... 776
Electric Fitting—metal disks protect fittings on extension cord ... 1056
Electric Grill—two plate contains drawer oven ... 784
Electric Heater
on faucet warms water instantly ... 896
pocket size, cooks eggs at table ... 898
you can make ... 846
Electric Lights
biggest bulbs three feet in diameter ... 975
frozen in ice thrill night skaters ... 363
removing hot bulbs ... 1025
Electric Saw—nails cut by, without dulling edge. 925
Electric Tea Kettle—operates from light socket ... 815
Electric Tester—like a pen fits in pocket ... 80
Electric Wiring—grip to pull saves time and trouble in ... 954
Electricity
city's electric brain in power control room ... 645
does, help crops ... 779
electric spark brighter and hotter than sun ... 774
food shop has automatic service ... 813
heated bottle to supplant furnace ... 757
hogs killed by, German packing plant ... 809
interior of earth explored with ... 778
revives infants by inducing breathing ... 265
traveling electrical show mounted on a truck. 785
Electric Outlets—add to, with cone plug ... 807
Electromagnets—piano notes are prolonged by ... 719
Element—unknown, is found in two minerals ... 790
Engine—new motor to end fire hazard in aviation. 718
Envelope Opener—slits one side only ... 987
Exercising Machine—like big tricycle ... 231
Exploration
fifty years saved in one ... 98
who owns the South Pole ... 588
Exposition
Chicago World's Fair centennial celebration. 915
glass halls for Stockholm ... 81
Eyeglasses—emergency screwdriver for ... 1021
Eyes
color-blindness corrected ... 533
how, tell lies ... 759
tardiness of, blamed for auto accidents ... 457

F

Factory
a floating ... 592
warning for lazy workmen atop ... 592
Farm—potato sorter for the ... 1048
Farming—simple support will prolong life of farm gates ... 850
Faucet
ball valve shuts off water when removed ... 358
wall recess for sillcock ... 313

Fence
holding wire taut with wagon wheel..... 339
portable, requires no posts..... 696
Fence Posts—how to preserve..... 349
Fencing—is great sport 138
Files—old, made serviceable by acid treatment... 527
Filling Station—like plane 250
Fire Alarm—unit complete in itself..... 957
Fire Blanket—held on frame..... 441
Fire Escape
fire victims slide to safety down tubular chute 289
lifeline to escape from fire is self-operated.... 533
Fire Fighting
abandoned trestles turned into auto roads.... 284
background for fire extinguisher 313
electric eye puts out, by detecting smoke..... 717
fighting fires with powder 95
pistol-type fire extinguisher 79
Fireplace
air-circulating, maintains even heat 719
furnace made of 251
novel screen for 669
Fire Prevention—chemical to cool rooms also puts out fire 952
Fires—germs cause on farms..... 57
Fish and Fishing
aerial bombing of porpoises 216
automatic fish-hook setter 582
backlash stop for fly-casting reel..... 834
creel keeps contents fresh 607
easy method of scaling 145
fighting fish sport of Siamese natives..... 190
fish learn to read alphabet 898
fish lure imitates minnow..... 716
frozen and packed in cardboard containers... 5
lead sinker salvages snagged fishing tackle... 682
new methods keep fish fresh over ten days... 986
outlaws of the sea..... 82
pouch of pelican is used as net or scoop..... 257
reflectors set in fish lure..... 533
self-bailer for boats.....1011
stun fish with electricity 209
there is money in farming of brook trout..... 808
water gardens for the home..... 323
Flagstones—stone path adds beauty to lawn..... 683
Flashlight—holder, for the motorist..... 685
Floors
markers set in, guide passengers to trains.... 800
steel, in skyscraper 262
Floor Drain—made accessible for easy cleaning.. 791
Floor Scrubber—electric, waxes and polishes..... 800
Flowers
copper container for cut.....1017
lily bulbs from Japan..... 812
wire holders for long-stemmed..... 662
Fog—in front of autos lifted by exhaust air..... 460
Food
frozen in containers preserved indefinitely... 720
test meat cuts by tasting two thousand samples 768
Food Shop
cast off motor bus serves as..... 821
pay-as-you-enter, has automatic service..... 813
Fortune Telling—novel device for.....1038
Fountain Pen—holder in cane..... 753
Freight—load and discharge, from moving planes. 793
Fruits
bottled without fermentation 791
packing frozen raw 215
Furnace
codorus, cannon cast for Revolution 545
hot-air filter on register protects health..... 49
how to install a gauge glass..... 172
made of fireplace 251
pipeless hot-air heater for small homes..... 6
tool for cleaning 350
Furniture
cutting the cabriole leg for.....1050
electrically heated knife to repair..... 96
garden, gnarled tree roots for..... 675
individual drawer pulls for 159
removing blue film on 1024
removing scratches on 333

G

Games
billiards and golf combined in coin-in-slot game 898
Games—Continued
bowling with a billiard cue..... 599
flag for horseshoe stakes 158
Garage
built of glass helps sell autos..... 754
floor stop for the.....1046
handy rear-end rack for..... 877
heater for 692
radio device opens and closes doors of..... 363
rotating holder for light cords..... 696
swinging crane in small.....1045
Gardening
gang-plow hoe cultivates and weeds at same time 775
hand tractor plows and mows lawn..... 601
long-handled weed cutter operated with one hand 816
Gardens
flower, in scent groups for the blind..... 947
Japanese, built in western setting..... 757
lean-to chair for 1037
pool of heart shape is easy to make..... 685
Garden Tools—safe holder for long-handled..... 859
Gas
burn coal in ground for..... 471
mouse better detector of, than canary..... 73
plants find plumbing leaks..... 599
uninflammable is used to blast coal..... 32
vapor-gas service for home 531
Gas-Engine—old tire prevents belt from slipping on flywheel 865
Gaskets—renewing blown cylinder-head 509
Gas Main—leak, located by plane 785
Gas Mantle—was invented by chance..... 33
Gasoline
better method of syphoning..... 327
filter funnel strains out water 393
theft from autos prevented by locking cap.... 682
Gas Pipe—flexible, made of aluminum 955
Gas Well—fire is blown out with dynamite..... 88
Gates
farm, tin chickens decorate 345
simple support will prolong life of..... 850
Gauges
graduated-rod depth gauge for hole measurements 769
telescoping gauge measures inside dimensions 767
Gears—made from cornstalks 383
Geese—flying wedge adds to speed of wild..... 631
Gems—blue, colored by heating 465
Germany—packing plant electrocutes hogs..... 809
Germs
dyes for detection of, to be standardized..... 800
electronic bullets destroy 599
Glass
auto-garage built of 754
cutter for glass tubing 350
decorating 488
halls for exposition 81
house, eighteen-story, with concrete frame... 822
lost art of coloring sought in sun's rays..... 985
radio broadcasts made visible by curtain of.. 956
removing scratches from 860
simple way of cutting disks for pressure gauges 695
skyscrapers planned 79
substitute for is flexible and does not splinter. 356
walls offer privacy to steel homes..... 813
Gliders
college glider club teaches low-cost flying... 409
girls in training form Anne Lindbergh club on West Coast 958
gliding school for women opened in Germany. 424
Lindbergh learns to glide 529
towed by plane across nation 883
water, with wings tests rider's skill..... 719
Globe
of rubber is inflated like ball..... 217
of world has index and gazetteer..... 183
Gloves
damp, how to dry out 686
identification tags for 200
save your sleeve gauntlets 25
Goats—ultraviolet rays for, improve milk quality. 583
Gold
largest nugget ever found weighed one hundred ninety pounds 769
reclaiming old, for sale to mint..... 701
the last frontier 242

Golf
aerial score cards ... 583
automatic golf-club guide for short shots ... 914
ball substitute for practice ... 174
brook on indoor course offers outdoor hazard. 366
cages on wheels protect practice-course caddies ... 25
cardboard putting green for indoors ... 157
hog bristles in balls ... 193
home, practice target may be used anywhere. 809
larger and lighter ball ... 225
mirrors on golf club head aid to perfect shots. 960
non-disappearing "ball" for practice indoors .. 903
small course provides concentrated sport ... 985
supporting rack for bag does work of caddy. 721
tee support provides target ... 262
tees made from envelope tips ... 143
Grader—rotary, levels land for farming purposes. 623
Grapes—larger, are produced by girdling vines ... 767
Grease Gun—hold eliminates air pocket in ... 157
Greenhouse
concrete potting benches for ... 878
two useful ideas ... 691
Grinder—pipe caps make threaded arbors safe ... 163
Grinding—universal diamond-tool holder ... 349
Grindstone—simple repair for ... 158
Guns
fighting ships now outranged by coast guns. 24
glass bullets full of gas ... 289
motorized anti-aircraft for the next war ... 458
movies help find aerial range ... 714
oil poured on waves steadies Navy's ... 726
pistol bullet spins cocoon in sheepskin coat ... 630
queer facts revealed about "Big Bertha" ... 712
shotgun has one barrel on top of other ... 615
why double-barreled cannon failed to work ... 644
Gymnasium—electrified ... 810
Gyroscope
pilots airplane ... 278
top that spins a man shows effect of ... 358

H

Hair
growth stimulated by fan and light rays ... 727
makes chemical important in diet ... 645
Hammock—carrier in the car ... 137
Hamper—attractive, easily made ... 833
Hangar
continuous-arch hangar has no beams or girders ... 758
sprinkler system in ... 181
Hats
sun hat held on shoulders ... 295
with transparent brim for sports wear ... 783
Haystack—easy method of cutting ... 861
Hay Stacker—run by tractor ... 914
Heart—beats more than one hundred thousand times in a day ... 33
Heartbeats—started by radioactive chemical ... 182
Heater
electric hot-water ... 288
electric on faucet warms water instantly ... 896
electric, you can make ... 846
for garage or workshop ... 692
gas, for traffic cop ... 714
gas, preventing condensation in ... 672
hot-water, electric ... 617
water, for sunny climes ... 875
Heating and Ventilating
a cooler for roofs ... 471
air-circulating fireplace maintains even heat .. 719
big burners speed up heating of kerosene stoves ... 761
blower cuts down fuel cost ... 511
electrically heated bottle to supplant furnace. 757
heat radiated from walls by panel warming .. 816
wall-register electric fan speeds up heating .. 776
Hectograph—made from old films ... 156
Helicopter—make this two-propeller ... 311
Highways—how motor highways are being beautified ... 255
Hoe—gang-plow hoe cultivates and weeds at same time ... 775
Hogs—holder for ringing ... 847
Hog Trough—improved ... 526
Hoist—for the basement ... 1021
Homes
glass walls offer privacy to steel ... 813
lighthouse with spiral stair turned into ... 711
"The Fo'c'sle", a shipshape summer cottage. 842
of concrete and glass built for health ... 636
Horses—bucking broncho imitated with saddle and ropes ... 385
Horse Team—36-horse team driven by one man .. 918
Hose—rotating clutch grips without screws ... 532
Hose Clamp—hand adjusted is quickly installed ... 993
Hotbeds—putty for glazing frames ... 682
Hotel
motor bus operated by, for adventurers ... 823
playground on roof ... 448
House
glass, eighteen story with concrete frame ... 822
resembling airplane moved on "landing gear". 923
visualizing proposed change in ... 508
Household Devices 110, 286, 462, 638, 814, 990
adjustable garment hanger ends contain moth-balls or crystals ... 991
automatic seal to keep air from blowing under door ... 990
baby carriage has built-in compartment for phonograph ... 287
baby's bottle, cup holder with handles for ... 463
breakfast set serves as china closet ... 462
broiler automatically slides out of gas range .. 287
cake pan with hinged sides ... 89
can opener that works right or left-handed ... 991
cleaning cloth, adjustable grip for ... 462
clothes drier, electric folding ... 286
clothespin has wire belt ... 638
cookie molds and batter container ... 110
cooking parchment for wrapping vegetables .. 111
curtain protector made of oilcloth ... 990
cutter for preparing string beans ... 991
dirt bag for vacuum cleaner more easily emptied ... 815
double-door arrangement keeps intruders from home ... 990
electric cooker ... 110
electric iron holder ... 110
electric range, high speed ... 111
electric tea kettle heats more rapidly than gas or electric stove ... 815
electrically operated marshmallow toaster prevents scorching ... 815
flatiron rest has raised edges ... 638
food mixer, electric ... 286
footrest for any type of chair ... 639
garment bag has electric fan for clothes drying 991
garment hanger ... 639
griddle cleaner with adjustable blade ... 990
hair drier, electric ... 463
hot-water heater, electric ... 288
ice cube container made of rubber ... 638
ironer attachment fits on wringer shaft ... 639
juice extractor rotates at pressure ... 814
metal shelf, reversible ... 286
mirror cabinet for bathroom ... 287
mop attached to broom ... 110
mop handle ... 111
mop head fits on spring frame like glove ... 815
mop, scraper blades inside bucket clean ... 639
potato peeler that reduces waste and removes eyes ... 814
radiator cabinet electrically equipped slips over radiator ... 814
range, electric is sectional ... 462
safety strainer kettle ... 287
sandwich board with well for chopping ingredients ... 814
shoe box with transparent end ... 991
shoe rack, adjustable ... 638
spoon is corrugated for grating foods ... 463
stool has step that folds into the base ... 638
tray and table in one ... 814
trousers' hanger with drop rack ... 463
vegetable and fruit shredder ... 463
ventilator rolls up like window shade ... 815
warm rug for baby ... 286
washing machine operates like percolator ... 111
House Plans 175, 352, 528, 704, 880
Humidifier—and radiator in one unit ... 285
Hunting
deer hunted from airplanes ... 449
trailing animal gangsters ... 722
Hydrant—extension for operating wall ... 506

Hydroplane—motorboating and flying combined in waterplane ... 895

I

Ice
- artificial, skating rink accommodates thousands ... 812
- cracking set contains bag and mallet ... 920
- dry, building filled with, colder than North Pole ... 913
- dry, desert may furnish ... 725
- easy method of making ... 322

Icebergs—the iceberg talks ... 19
Ice Box
- selective lock for ... 509
- thermometer for ... 182

Ice Cream—cutting containers ... 498
Ice Cream Stand—at roadside for holding empty glasses ... 1017
Ice Creepers—easily made ... 509
Ice Scooter—air propelled model ... 507
Illumination
- lighted sphere on building ... 71
- over hundred floodlights operated as one unit. 278

Incinerator—for burning refuse requires no fuel .. 968
Incubator—cigar box protects adjustment of thermostat ... 690
Indian—solves problem baffling engineers ... 914
Infection—preventing infection from chemicals in swimming pools ... 838
Ink Bottle—metal stand prevents tipping ... 33
Inlays—simple, will improve your work ... 863
Inner Tube—prevents vise marks ... 868
Insects
- ant eggs as game-bird feed ... 545
- fan blows poison in ant-hill ... 217
- gold from butterflies ... 410
- hints on mounting ... 488
- if we had the sense of ... 626
- plants that devours ... 253
- preserving specimens of ... 145
- radio waves slay insects ... 295
- tiny monster has million-dollar appetite ... 782
- trapped by lights for hatchery ... 278
- windshield screen for the car prevents entrance of ... 835

Insulating—soil used for ... 783
Inventions
- ten cent store Edison ... 771
- the "Brain Wave" room ... 578

Iron Conduit—quick method of cutting ... 1055
Ironing Board
- folding horse for ... 321
- portable, saves space ... 510

Irrigation
- canvas sheet diverts irrigation water ... 1056
- sea water used ... 377

Ivory
- dredged from the sea ... 765
- eraser for cleaning ... 327

J

Japanese Gardens—built in western setting ... 757
Jewelry—secret hiding place for ... 510
Jointer—in the home shop ... 516

K

Kennel—side rails in, save puppies ... 154
Kerosene Can—cleaning out ... 512
Kitchen Stool—how to make a metal ... 335
Kites—sending aerial messages to ... 498
Knife
- containing ten tools ... 545
- for tire shops made from hacksaw ... 339

L

Laboratory Stand—makes good workshop tool ... 1046
Lace—designs are reproduced in rubber ... 200
Lake
- man made covers sites of six entire villages .. 886
- mystery of solid salt at end of five rivers ... 717

Lamps
- homemade modern ... 858
- making an old-fashioned ... 670
- pull made of wallpaper ... 856
- spring clamp for light bulb fastens anywhere. 757

Lamps, Health
- a simple sunshine lamp ... 663
- gives sun bath harmless to eyes ... 608

Lamp Shade—colored ads used to make braid trimmings for ... 320
Languages
- blocks help teach children foreign ... 240
- typewriter has conquered many ... 807

Lanterns
- gasoline, asbestos curtain for ... 496
- lighted, protect sheep ... 856
- magic, lets speaker stand before screen ... 807

Lathe
- hard and soft lathe centers ... 1048
- how to make a hard tailstock center ... 339
- outboard motor drives small ... 319

Lawn
- burlap sacking protects seeded terrace from washout ... 873
- long handle on grass shears makes work easy. 768

Lawn Hydrant—cement drip block saves ... 879
Lawn Mower
- makes good truck ... 322
- rake attached to, saves time and work ... 851
- sharpening a ... 1049

Life—strange circle of, is revealed under microscope ... 992
Lifeboat
- for plane rescues ... 439
- safe launching assured by skids ... 615

Lifeline—to escape from fire ... 533
Life Preserver—air tubes in sweater make it a ... 913
Life Saving
- catapult fires buoyant ball to drowning persons 356
- self-filling vest keeps wearer afloat ... 602
- safety suit like "coveralls" ... 399

Light
- artificial, for wheat matures crop earlier ... 729
- beam of stops train when signal shows ... 553
- clamps on dial phone illuminating numbers .. 761
- measure for is found ... 254
- night scene at Monte Carlo shows beauty ... 721
- speed trap for the earth races light beams ... 450
- switched on by radio 10,000 miles away ... 912
- trolley pole flash is basis of fog signal tests .. 775

Light Fixtures
- modernize your ... 1028
- movable add beauty to homes ... 119

Lighthouse—with spiral stair turned into residence 711
Lighting
- auto grease pit illuminated by indirect ... 720
- ballroom transformed by magic changing of color ... 776
- color organ paints ballroom with magic light. 401

Lightning
- how safe is flying ... 1
- pictures of, taken with automatic camera ... 78
- the hazard in flying ... 359

Light Post—bumper protects from auto assault ... 713
Line Current—test for distinguishing A.C. and D.C. current ... 700
Linoleum—making good restorer for ... 862
Liquid—solidified is hard and flexible as paper ... 448
Locks
- door, made from old strap hinge ... 489
- selective lock for icebox ... 509

Locomotives
- compressed-air Diesel engine ... 431
- has streamline boiler ... 383
- liquid air used in shrinking steel pin on drive-wheel ... 1049
- miniature for the boy ... 155
- steam muffler and soot blower for ... 17
- when horses outran the first ... 398

Locusts—fight, with flames used in world war .. 953
Logs
- aerial view of a gigantic lumber raft ... 79
- jam of, for underground ... 449

Loud Speaker—electric eye works ... 417
Lubrication—keeping trolley wires free of ice ... 583

Lumber
"alligator" ships climb hills and haul 609
over half of U. S. is being wasted 26
should be stored flat 857
straightening warped boards 499

M

Magnetic Eyes
find cause of mystery air crashes 918
Magnetism—hardens metals 647
Mailbox—miniature house makes novel 1033
Mammoth—how prehistoric man used the "killer stone" 456
Manna—of the bible is found to be desert shrub 600
Manuscripts—restoring writing on old 695
Maps
city guides on lamp-posts have steel leaves 471
roll, for airplane pilot attaches to wheel 799
tests skill of auto drivers 454
Marble
cleaning mixture for 1025
wire used to cut 754
Marshes—plant builds new territory by filling 721
Matches
houses without 928
shellac for waterproofing 685
Measuring Instruments
graduated-rod depth gauge for hole measurements 769
height finder 283
telescoping gauge measures inside dimensions 767
Meat
effect of exercise on to be shown in tests 56
steaks from the arctic 354
test cuts by tasting two thousand samples 768
Medicine—watermelon seed is remedy for high blood pressure 265
Memorandum Roll—for desk phone 791
Mental Test—babies given 415
Metals
lead alloy more efficient than pure metal 363
magnetism hardens 647
man-made mystery metals 402
new way to finish prolongs life of 884
prospectors discard metal costlier than gold 240
restoring luster to tin 860
spark-plug alloy maintains constant voltage 544
steel-hard copper alloy made into razor blades 896
the world seeks new Eldoradoes 74
tin gives strength to bronze 425
tin in bells softens tone 623
tungsten carbide goes up in value 540
tungsten carbide is hard enough to scratch sapphire 559
zinc-base alloys improved 416
Meteorology—sixteen million tons a second 266
Meteors
may menace planes and ships 375
mine shaft is sunk to solve mystery 40
Microbes—cannibal, in water shown by microscope 288
Microscope
aids in restoring rare paintings 793
fossil plants furnish art designs 980
heat filter for, aids nature study 994
most powerful opens new world 112
reveals strange circle of life 992
wood structure provides dress designs 816
Milk
radio installed in cow barn increases supply of 954
ultraviolet rays for goats improve quality 583
Milk Bottle—metal band for, shows age of contents 635
Milk Tickets—calendar holds 598
Milkweed—floss used in life saving and playground equipment 890
Milling—two shafts milled at one set-up 338
Minerals—the world seeks new Eldoradoes 74
Mines and Mining
mouse better gas detector than canary 73
rope stretcher aids rescue work in mines 765
unique mine yields gold, silver and quicksilver 72
Mirror—on golf-club head aids perfect shots 960
Miter Box—improved on sawhorse 161
Models—miniature railway provides instruction and fun 534
Moistener
finger, fits hand like a wrist watch 645
fountain, for desk replaces sponge 559
Money—the world's greatest treasure cave 34
Monte Carlo—night scene shows beauty in lights 721
Mortar—for brick walks 675
Mosaic—of bible story takes years to finish 90
Moths, Fruit—molasses lures 903
Motor
easily moved from one machine to another 1043
outboard, now equipped with electric starter 967
outboard, twin fires on alternating cylinders 207
quiet motor for airplanes saves gasoline 775
run by waves of sea 241
Motorboat
has stern drive and reverse gear 777
slip-float contains bungalow 753
Motor Bus—cast-off serves as a lunchroom 821
Motor Cylinders—pulverized coal burned in 822
Motor Truck
has three wheels 754
traveling electrical show 785
Mountain—when the, moves 763
Mountain Highway—has mile tunnel with five galleries 926
Mountain, Stone—radium in 717
Moving Pictures
ancient China had talkies 609
beauty culture taught with talking movie 81
feeding the news reels 794
films are preserved in special container 364
flickerless use multiple lenses 800
help aerial gunners find correct range 714
home, seen in daylight 107
lights rule mob scenes in talkies 216
lions are filmed in their native haunts 632
mirror for amateur movie kit 314
new giant 705
noiseless shoes and jewels for the talkies 728
on passenger planes 112
pictures turned into speech may aid deaf 6
portable movie projector has built-in screen 432
portable sound-movie outfit 777
stunt flying 962
taken in silhouette for radio transmission 279
talking movies for home 407
Murals—saved from mold by poisoning fungi 272
Museum—windmill converted into 729
Music
accompaniment for the player piano marked on music roll 835
printer requires no engraving 725
visible sounds reveal the secrets of 531
Musical Instruments
guitar, keyboard on neck of 454
xylophone like a pipe organ 355
Mystery—can you solve 948

N

Nail-Polishing Kit—for mending celluloid articles 1036
Navy, German—fighting ships now outranged by coast guns 24
Navy, U. S.
battle fleets steaming south for maneuvers 900
"big ones" raised for long-range firing 899
"dogs of war" bark under cover of darkness 902
first of "Treaty Cruisers" placed in service 758
long-range guns roar during battle practice 901
torpedo controlled by radio 262
Necktie—mailing tube removes wrinkles 333
Necktie Rack—in chifforobe 1011
Needle—easy method of threading 489
Newspapers—old, sold to orient for wrapping 957
North Sea—plan to drain for more land 975
Nuts
fuel oil from 432
removing a tight 347
tool for starting 700

O

Oats—cat hulls and hard rubber make tough material 207
Occupations—queer listed by census officials 614
Ocean—when the ocean floor quakes 618
Oceanography—sound ocean from Zeppelin 180
Office Supplies
finger moistener fits hand 645
fountain moistener for desk 559

Office Supplies—Continued
hand-operated duplicator makes stencil copies 784
Oil
art of ceramics latest aid to search for 647
chemicals in oil-field brine 14
electroplates surface which it lubricates 558
floating oil tanks 370
from nuts used as fuel 432
from sand 633
of roses, fifty thousand buds required to make one ounce 119
oil spreader for seaplanes smooths rough water 919
poured on waves steadies navy's big guns 726
steam shovels salvage 382
vegetable, bacteria extract plant oils doing work of presses 999
Oil Burner—and boiler combined in a single unit 39
Oil Can—spout fills shock absorbers 315
Oil Container—for tempering 868
Oil Drums—rig for spray-painting of 701
Oil Fields—electric lighters in oil zone 63
Oil Gauge—handy wiper for 498
Oil Holes—blowing chips out of 515
Oil Trap—simple method of trapping oil in loose pulleys 1045
Oil Wells
rubber doughnuts solve oil-field problem 600
underground camera shows course of 8
Opera—the magic wand of the 202
Outboard Motor—speed indicator for 496
Oven—for high altitudes aids mountain cooks 975
Oysters
cradles aid artificial culture 726
"noisy" heard by ships 559

P

Paints and Painting
boat paint made from dry-cell tops 348
cover spout for pouring paint from small cans 680
durability of white paint 674
electric spray saves time and paint 623
how to paint spruce siding 1017
how to repaint venetian blinds 684
how to stipple your own walls 316
nails for mixing paints 702
paints stick best to wood grown in spring 635
plaster walls require special care in painting 668
preserving paint 313
relief decorations with stencils 135
rig for spray-painting of oil drums 701
shellac from old derby hats 280
softening hard pigment in paint 1016
staining hint to match light woodwork 1033
staining wicker work 683
Paintings
oil, method of restoring 350
rare, are restored with aid of microscope 793
Palestine—size of 553
Pans—emergency angel-cake tin 1011
Paper—weighing with light 634
Parachutes
jumping into fame 234
opens instantly as it clears plane 713
Party—table favors made of fruits and nuts 1026
Passion Play—world's most famous, at Oberammergau 803
Patents
applications for radio 634
on plants and trees same as for machinery 712
Peanuts—new uses for, found in many by-products 279
Pearls—injured by cosmetics sent to jewel hospital 997
Pencil
holds roll of paper for memoranda 97
twin, saves time in copying 346
Perfume—the French industry is valued at $36,000,000 a year 56
Periscope—adds sport to "war" games 1027
Pests
fight locusts with flames used in world war 953
molasses lures fruits moths 903
tiny monster has million-dollar appetite 782
Pewter—methods of cleaning 686
Pharaoh—heart proves Bible truth 184
Phonograph
in an end table connects to radio 193
new disk has long life 711
records, why used needles damage 822
Phonograph—Continued
unit for radio 232
Photo-Electric Cell
as automatic fire extinguisher 717
may run motors 891
robot's electric eye controls chemical process 454
weighing paper with light 634
works speaker welcoming visitors 417
Photographs—attractive statuettes easy to make 836
Photography
aerial photos at three miles a minute 891
arrangement for regulating temperature of chemical tanks 879
blocks to raise photographed objects 351
distilled water in preparation of solutions 327
dull prints made on glossy paper 862
electric eye marks photos for best print paper 366
ferrotyping kinks save time and money 1055
film for color snapshots 95
flash gun operates camera shutter release 601
floodlight for the amateur photographer 171
homemade trays for 685
how the camera man got his masterpieces 646
intensifier for negatives 144
lens shade for beach 673
negative and print drier 525
paraffin covers for trays prevent evaporation 1036
photograph on metal plate in broad daylight 433
photographing silver cups 337
projector aids in catching of fugitives 778
shooting wild animals with a camera 58
substitute for focusing cloth 841
Photography, Aerial
aerial view of Mt. Rainier 96
flying over jungleland 177
golf score cards 583
pilot takes photos with one-man camera 65
Photography, Radio—photo of British dirigible comes by air 14
Photography, Submarine—through window of giant tube 46
Pianos
carried on horseback 107
notes are prolonged by electromagnets 719
player, accompaniment for, marked on music roll 835
typewriter built into piano transposes music 802
Picture Frame—glass should be fitted loosely in 174
Picture Panels—corrugated cardboard replaces plywood for 1034
Pictures
magic lantern lets speaker stand before screen 807
wallpaper protection behind 522
Pie Pan—that does not spill juice 560
Pier—telephone pole forms backbone of 1016
Pillowcase—vacuum cleaner fills 315
Pipe Connection—repairing leaky petcock or 1056
Pipe Coupling—emergency 868
Pipe Line
leaks located with war instruments 802
on wheels is towed to sea by tug 977
Pipe Organ—for the home resembles grand piano 375
Pipes
alarm when flow fails 262
pipe-marking tool 171
stopped-up, cleaned by shaft on drill 647
trench box speeds up laying 513
water, emergency repair on burst 1045
Piston Rings
dressing down 1055
grooves, quick cleaner for 862
Piston Rod—good swab core for 1049
Planer—angle plane for 694
Planet—found by microscope on photographic plate 968
Plants
find plumbing leak by reaction to gas 599
fossil, microscopic, furnish art designs 980
gigantic elephant's-ear leaf 408
how to destroy insects on house plants 680
incubators for baby orchids save plants 998
lifting strength of, measured with weights 913
seven years required for orchid to mature 409
that devours insects 253
the gourd is one of the oldest cultivated 78
wire-screen enclosures protect 515
wonders of unseen world revealed by lens 631
Plants and Trees—patents on, same as for machinery 712

Playground
above streets for congested areas 447
on hotel roof for golf and tennis..... 448
Pliers—grip without slipping on round surface... 208
Plow
guard block keeps free from rubbish 347
rotary, tosses snow from roadway 560
Pool—of heart shape for garden is easy to make.. 685
Population—daily changes shown by machine.... 109
Porch Columns—preventing wood rot in..... 521
Post Office—dead letters cost millions annually... 408
Posts
graduated auger tells depth of hole..... 849
preventing fence posts from rotting..... 859
saving fence posts 1045
Potato
contains seventy-eight percent of water..... 94
hollow spots detected by candling.....1042
were introduced into New England from Ireland 762
Potato Sorter—for the farm.....1048
Pottery—decorating 488
Potting Benches—concrete, for greenhouse..... 878
Poultry
five-story chicken hostelry 407
sunned yeast fed to chickens 711
Power Line—upright pole tied to truck bridges... 630
Power Plant
cooling tower like big milk bottle..... 201
electric, wind-driven auto generator makes... 348
Preserving—fresh liquid fruits bottled without fermentation 791
Printing
border slide rack for printers 336
stone slab found in China 256
Prison—box seats in prison school help keep order 801
Prohibition—"hides" for liquor test skill of detectives 616
Prospecting
it's easy to locate hidden metals..... 824
the last frontier 242
Psychology
difference in human ability 65
experiments indicate thinking involves muscles 984
hands related to tongue in stuttering test..... 190
how you can cultivate super-normal senses.. 536
left hand found the best "eye" for blind..... 8
"stunts" show way in the choice of a career.. 538
Pump Tank—faucet on 489
Punch Press—spacing fixture for the..... 174
Purses, Coin—of rubber uninjured by water..... 920
Putty
for filling nail holes 495
for glazing hotbed frames 682

R

Rabbits—danger of altitude flights proved with... 32
Race—automobile races with horse over hurdles.. 946
Rack, Wire—for small stamps.....1049
Radio
across the radio bench 302
aircraft antenna shielded by fire partition.... 753
building a capacity bridge..... 132
combination set tester 304
detecting interference with a street car..... 828
helpful hints from the radio laboratory 130, 478, 654, 830, 1002
how far will a signal carry 48
light switched on by, ten thousand miles away 912
pilot's helmet has headset for radio reports... 994
sectional type radio tower 256
smallest headphone for use of pilots..... 78
soldering flux, homemade 484
S O S saves whalers 921
time switch turns off power 903
ultra-short waves for 407
using ground as temporary antenna 832
world weather news by 50
Radio, Aerial
change-over switch for "Zepp" antenna..... 129
clock combined with aerial 559
faulty lightning arrester causes trouble..... 123
furnace pipe acts as 483
solving the apartment-house antenna..... 128
steam-heated 587
using phone line as 653
Radio Amplifiers—plug-in improves tone of any set 1000
Radio Apparatus
"coffee grinder" dial makes tuning easy on some airplanes 998
connector plug for power packs..... 305
filters, homemade power-line 827
lightning arrester does double duty..... 206
new screen grid unit 299
new unit eliminates line noise..... 301
shield has removable cover 1007
simple set for making continuity tests 1004
S-W transmitter uses low power.....1005
wavemeter for short-wave sets..... 656
Radio Application
individual called by radio as easily as by phone 43
it's easy to locate hidden metals..... 824
Radio Batteries
caring for electrolytic B-power units 298
individual B-battery for detector plate..... 129
protecting insulation on wires 129
simplified connections for charging..... 484
Radio Broadcasting—made visible by glass curtain 956
Radio Construction
kits for set builders 480
subpanel for supporting heavy radio parts...1004
Radio Eliminator
first aid for the electrolytic B-eliminator..... 133
stopping A-eliminator hum 304
Radio-Ground—wet, new device provides a..... 483
Radio Installation
avoiding wrong connections 1004
make good filament connections 1007
Radio Loud Speaker
built-in dynamic uses wall for baffle..... 296
corner baffle for dynamic..... 301
employs corner baffle 134
for auto gives volume 982
horn made from cane fibers 476
improving tone of your dynamic..... 649
tapestry picture is condenser speaker..... 483
Radio Receivers
A. C. demonstrating 476
an efficient crystal set 656
converter for operating A. C. sets from farm lighting plant 657
employs new methods 310
filament supply from 32-volt source..... 305
for airplanes now in demand 1008
for automobile is shielded from car noises.... 989
how to install a radio set in your car..... 124
installed in cow barn increases milk supply.. 954
neon lamp as a test device..... 134
new settings for modern 306
portable set operates on A. C. or D. C. current 299
reducing hum in A. C. 651
remote controls for operation..... 477
simple instrument brings your set to top-notch efficiency 652
ten feet high broadcasts speeches..... 447
Radio Reception
fewer sunspots to give better 384
heat in insulated box makes radio trouble free. 134
new unit eliminates line noise..... 301
noise is reduced by special filter..... 540
radio on car is improved by plug resistors.... 946
separating interfering stations 832
"totem pole" mast improves 947
visual interference-indicating device 1008
yardstick to assure better 433
Radio Repairing—soldering iron permanently tinned 299
Radio Shock Absorbers—end vibration 793
Radio Static—to be forecast like the weather..... 727
Radio Television
at low cost now possible 300
receiver which throws pictures on mirror.... 199
Radio Transformer
a practical homemade power 472
protecting unmounted 826
universal-voltage filament transformer 120
winding kink 829
Radio Tubes
checker, combination A.C.-D.C. tube..... 481
"pentode" give more power 781
removable filament reduces cost 599
screen-grid unit 658
testing power 1007

clips hold seams while ... 874
handle for holding wire solder ... 349
improvised lamp ... 163
South Pole—who owns the Antarctica ... 588
Spade—with folding handle convenient to carry on touring trip ... 847
Spark Plug Cleaner—removes carbon quickly ... 769
Spark Plugs—terminal clips keep wires intact ... 710
Spectacles
higher hinges give better vision ... 884
hookless ease pressure on ears ... 924
quick repair for ... 489
Spies—the strange adventure of ... 442
Sports
a hunt for future champions ... 603
steel-toe cap for skaters ... 200
world's greatest arena ... 451
Sports, Water
greased-pole contest ... 577
motorboating and flying combined in water-plane ... 895
scooter propelled by foot-operated oar ... 457
surfboard riders puncture balloons ... 559
Sports, Water—skiing is great sport ... 490
Spray Gun—electric, saves time and paint ... 623
Spring Hanger—used on air tools ... 865
Stage—puppet show for the home ... 263
Stairway—homemade disappearing ... 522
Star—twenty-foot electric, shines on entire city ... 56
Statuettes—attractive, easy to make ... 836
Steam—sun's rays run steam plant ... 72
Steam Engines
high pressure to save much fuel ... 886
toy, whistles for ... 326
Steam Shovel—salvage oil ... 382
Steel
how to caseharden ... 1026
"nutcracker" tests metal for bridge columns ... 602
tempering long and narrow pieces evenly ... 1044
Steel Balls—for flaring ends of tubing ... 869
Stencils—relief decorations with ... 135
Stepladder—crosspiece on protects windows ... 513
Stock Tank—self-filling ... 514
Stone—and cement cleaner ... 849
Store—on wheels expands when parked ... 461
Stoves
hard-coal, converting into a soft-coal burner ... 675
kerosene, big burners speed up heating of ... 761
oil, improving the cookstove ... 497
tourists, heated by exhaust gas ... 857
Straining—cloth used for ... 683
Straw—fireproof walls of for building material ... 407
Street Cars
detecting radio interference with ... 828
lubricant for trolley wires ... 583
moved on truck when axle breaks ... 294
noiseless track for, is economical ... 980
open shelters at car stops ... 585
rails increase in size and weight ... 946
Street Lights—service truck has extension platform ... 384
Streets—oil removed with steam and brush ... 447
Stuttering—hands related to tongue in test ... 190
Submarines
new safety devices ... 428
seamen to float to top of tower ... 978
sound waves to locate ... 97
telephoning men trapped in sunken ... 792
Sugar
from cotton ... 881
liquid, flows through pipe lines ... 250
Sugar Beets
digger operated behind tractor plow ... 792
dried by hot air reduce sugar loss ... 988
Sugar-Cane Planter—travels fifteen miles an hour ... 785
Summer Cottage—"The Fo'c'sle"—a shipshape ... 842
Sun
lost art of coloring glass sought in rays of ... 985
thrills in search of sun's secrets ... 391
Supercharger—water-cooled, for front wheel drive ... 455
Surfboard
riders puncture balloons in water game ... 559
sea horse on tests rider's skill ... 355
Surgery
maggots fight infection in wounds ... 457
operation shown on screen aids students ... 42
surgical dressings of wood-pulp ... 358
Survey, Geodetic—when the mountain moves ... 763
Swimming—self-retrieving cable slide for bathers ... 848
Swimming Pools—preventing infection from chemicals in ... 838
Swing
tandem ... 1009
whirl-over for children ... 415
Switzerland—hydroelectric power developed in ... 433

T

Table
- and tea cart combined ... 63
- building drop-leaf Queen Anne ... 1022
- folding camp, for holding cooking utensils ... 849
- handle for extension ... 674

Table Favors—made of fruits and nuts ... 1026
Tampers—for feet do work of lawn roller ... 496
Tanks
- chemical, arrangement for regulating temperature of ... 879
- compressed-air, improved drain for ... 1046
- oxygen and acetylene ... 867
- test divers' suits under air pressure ... 417
- water, has sunshade to keep water cool for stock ... 1042

Tanning—postmen's shoes help find best ... 919
Tar Bucket—holding on roof ... 835
Target
- home golf practice, may be used anywhere ... 809
- sparks in place of bullets show hits ... 414

Tattoo—removing marks is task for doctors ... 464
Taxis—furnishes music for passengers ... 553
Teakettle—how to prevent burning hand while filling ... 850
Telegraphy—coded messages flashed across Atlantic 767
Telephone
- efficiency is cut down by heat ... 80
- light clamps on dial phone illuminating numbers ... 761
- memo roll for desk phone handy reminder ... 791
- rubber base prevents sliding ... 499
- ship-to-shore link proves a success ... 367
- "talkie" to replace phone girls ... 91
- telephone men trapped in sunken subs ... 792
- transoceanic system links twenty nations ... 960
- users see each other as they talk ... 892
- using Braille system for the blind in Paris ... 898

Telescope
- homemade, built of auto axle and iron ... 180
- world's largest reflecting ... 272

Television—telephone users see each other as they talk ... 892
Tempering—oil container for ... 868
Tension Spring—getting in place ... 514
Tent
- collapsible ridgepole for ... 860
- hookless fastener for ... 862

Theater
- audience to revolve around circular stages ... 988
- has four movable stages ... 425
- light on chair back shows vacant seats ... 984
- movie, travels Holland canals ... 108
- the magic wand of the opera ... 202

Thermometer—for ice box ... 182
Thread Dies—lard oil should be used with ... 507
Thumbtack—removed easily by twisting head ... 623
Tide—highest possible is fifty-three feet ... 427
Tongs—fireplace, for handling large logs ... 487
Tool Handles—knob formed of friction tape an aid on ... 877
Tools
- canvas buffer puts edge on ... 879
- emergency veining ... 163
- knife containing ten tools ... 545
- rubber heel saves ... 171
- twelve in one, of value to the draftsman ... 997

Toothbrush
- electric, cleans teeth automatically ... 997
- tongue cleaner on handle of ... 253

Torch—safe thaw-out ... 337
Tornado—automatic air vents protects building from ... 357
Tornadoes—on the sun ... 554
Torpedo
- caught by camera as it leaves tube ... 896
- controlled by radio ... 262

Touring—motor hotel brings luxury to adventurers ... 823
Towline Hook—that will not loosen ... 349
Toys
- sand motor runs dancing monkey ... 839
- slingshot pistol combines two toys for boys ... 919
- whistles for toy steam engines ... 326

Track—over stairway facilitates moving of shop truck ... 527
Tractor
- cord attachment helps start ... 174
- garden, plows and mows lawn ... 601
- motometer installed on ... 862
- runs tramway spanning a mountain ... 541

Traffic
- danger on country roads greater than in city. 108
- jars do little harm to buildings ... 640
- reflector gives signal of car's approach from side street ... 535

Tramway—tractor runs ... 541
Trap—mirror makes effective rat trap ... 683
Trap Shooting—hand trap throws targets for shotgun practice ... 769
Travel—in the land of the devil dancers ... 378
Tray—match, ash and glass holder attach to table 416
Treasures—adventures of treasure hunters ... 546
Trees
- fallen leaves worth money because of chemicals 39
- fruit of cactus relished by Indians ... 288
- para rubber ... 637
- preventing yellow leaves ... 89
- that glow at night to stop accidents ... 285
- tree-fire mystery solved by plant detective ... 440
- x-raying shows defects in wood ... 993

Truck—hand, old lawnmower makes good ... 322
Tunnel
- electric eye measures haze in Holland ... 263
- from Spain to Africa ... 366
- launched like ship ... 995
- new mountain highway has mile-long ... 926

Turpentine—pure, will evaporate completely ... 322
Tweezers—wooden, easily made ... 321
Typewriter
- built into piano transposes music ... 802
- has conquered many languages ... 807

Typing Machine—prints whole phrases at a time ... 464

U

Ultraviolet Ray—burglar alarm keeps watch over safe ... 720
Umbrellas
- American paper used in China for ... 32
- fits in auto door ... 356
- vending machine sells ... 460
- without a frame folds like envelope ... 617
- with two covers to match dresses ... 987

V

Vacuum Cleaner
- dirt bag for, more easily emptied ... 815
- spreads perfume ... 1025

Valve
- hand-driven grinder ... 533
- shuts off water when faucet is removed ... 358
- use of emery cloth in reseating ... 515

Vending Machine—umbrellas of oiled paper sold by ... 460
Venetian Blinds—how to repaint ... 684
Ventilator
- window, also serves as noise muffler ... 201
- window, screen keeps out dust ... 279

Vibrator—on hand transmits energy through fingers ... 542
Vienna—artificial ice-skating rink accommodates thousands ... 812
Vise—bench, for rough work ... 320
Vitamines—two new discovered ... 109
Voice
- ability of singer is tested by wave recorder ... 587
- the secrets of your voice ... 594

Volcano—steam from to heat Hawaii hotel ... 637

W

Wagon—toy, is made into sled ... 440
Wall Paper—safety razor makes convenient tool for skinning seams ... 866
Walls—head radiated from ... 816
War—light armor for soldiers resists bullets ... 460
Wardrobe
- attached to closet door ... 673
- hanging two tiers of garments in the ... 498

Warfare—queer facts about mystery guns revealed 712
War Instruments—leaks in pipe line located with geophones ... 802

War Maneuvers—airplane silhouette on cloth flown by real ship ... 711
Washington, George—face is carved in mountain rock ... 543
Washtub—revolving bench for ... 1010
Watch—garden-of-eden, two hundred years old ... 457
Water
desert air wells give ... 7
electric purifier for ... 384
sea, weight of ... 217
windmills on Texans range save drilling numerous wells for ... 983
Water Tank—five tanks supported on one tower ... 430
Water Tower—ladder made inaccessible to boys ... 173
Waves—facts regarding giant ... 545
Weather
air is kept warm over arctic by ozone ... 369
asking questions of the clouds ... 434
balloons send out reports by radio ... 560
"fans" aid in daily observations ... 416
is our climate changing? ... 817
rain falls inside airdrome ... 542
rain machine makes thunder and lightning ... 586
sense of animals due to air pressure ... 376
world weather news by radio ... 50
Weeds
blue vitriol destroys ... 441
brine for killing ... 1021
effective weed hook ... 695
killed by chemical to protect trees ... 920
Welding Machine—automatic stitches seams in steel plates ... 994
Welding Rod—carrier ... 866
Well—fire and water from one pipe ... 400
Whales—killed at the rate of thirty thousand a year ... 294
Whaling—"S O S" saves whalers ... 921
Whistle—operated by a switch ... 446
Wicker Work—staining ... 683
Willow—bark is peeled by machine ... 251
Winch—load-binding, for the truck ... 347
Wind—penetrates brick wall ... 821
Windmill
class in building for Holland children ... 16
over century old converted into museum ... 729
used to raise water level on Texas range ... 983
Window Sills—aluminum is best metal for lining of 510
Windows
automatic sash ends need for pulleys ... 375
clock pulls down before you get up ... 398
preventing from freezing ... 157
reducing friction of sliding ... 144
reversible casement window easily cleaned ... 762
ventilator screen keeps out dust ... 279
Wire
insulated, weighing to determine length ... 1042
used to cut marble slabs ... 754
Wireless—aids student pilot in solo flight ... 647
Wood
how to soften plastic ... 841
liquid, is fireproof and comes in colors ... 801
microscopic, structure provides dress designs ... 816
paints stick best to wood grown in spring ... 635
preservation, old, is revived in Germany ... 892
quality of revealed by tests ... 109
Wood Cut—automobile prophesied in, four hundred years ago ... 983
Wood Pulp—surgical dressings of ... 358
Wood Turning
how to make spiral turnings ... 341
twist-turning with portable router ... 872
Woodworking
cutting the cabriole leg ... 1050
how to make spiral turnings ... 340
simple inlays will improve your work ... 863
Workbench—simplifies model airplane building ... 523
Workshop
heater for ... 692
inner tube prevents vise marks ... 868
laboratory stand makes good tool for ... 1046
shaper makes good miller ... 870
World's Fair—the next ... 915
Wrench
for grease fittings includes five tools ... 988
for tightening airplane turnbuckles ... 354
novel tap ... 514

X

X-Ray
million volt x-ray machine ... 535
of trees shows defects in wood ... 993
snapshots are taken with powerful tube ... 375

Y

Yacht Race
a five million dollar ... 970
world's most extraordinary ... 928
Yeast—sunned, fed to chickens ... 711
Yosemite National Park—patrol wagon for bad bears ... 189

Z

Zoo—light rays for reptiles ... 225
Zuyder Zee—pumps drain to increase farms ... 182
